Frequently Asked Questions

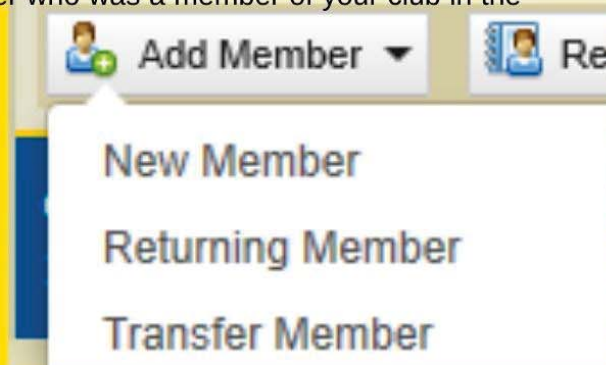

i. How do I Report No Membership Changes this month?

From the My Lions Club or My Leo Club menu in MyLCI, select Members. From the Members page, click the Report No Changes for Month button. Select the reporting month from the drop-down list. From the Report No Member Transaction page, click the Report button to complete the official reporting for the month or click Cancel to cancel the transaction and return to the Members page.

ii. How do I add a member?

From the My Lions Club or My Leo Club menu in MyLCI, select Members. From the Members page click the Add Member button. From the drop down list select New Member to add a person who has never been a Lion or Leo before. Select Returning Member from the drop down list to add a member who was a member of your club in the past.

iii. How do I transfer a member?

From the My Lions Club or My Leo Club menu in MyLCI, select Members. From the Members page click the Add Member button. From the drop down list select Transfer Member to add a member who was or is a member of another club. To ensure that the proper member record is transferred to your club MyLCI will attempt to search for the member record based on the information provided on the Transfer Member page. The member number can be used to search for the member record if it is known. If the member number is not available, enter the club name or the club number. If the club name or number is not available, enter all or part of the member's last and first name. Click Search to initiate the search. (This may take a few moments.)

View the search results and find the member you want to transfer into your club and click Add Member.

You will be prompted to provide the Effective Date and Membership Type.

If the person you want to transfer currently is a member of another club, a Transfer Request message will be sent to the club officer. The member will be automatically added to your club after the member is dropped from his or her current club or 30 days (whichever occurs first).
